PROFILE & OBJECTIVE

An experienced Senior Graphic Designer with a demonstrated history of working in the design industry. Some of his greatest strengths are his versatility and adaptability as a designer. His endless curiosity and desire to keep learning new design skills and enhance his technical knowledge in the latest creative software has been essential to his continued growth as a graphic designer. Skilled in many design disciplines such as Brand Identity Design, Web Design, UX Design, Experiential Design, Print Design, Production Design and Digital Activation Design. His primary objective is to work on a small collaborative creative team for a design-driven company where he can help produce beautiful, functional designs.
